

Camp Dogwood for the Blind and Visually Impaired

Medical History Form

To be completed by physician or the physician's agent only after April 1st, 2024

Camp Dogwood is a recreational/vacation facility for persons with blindness or visual impairment. Campers have the opportunity to participate in activities such as, boating, fishing, swimming, Putt-Putt golf, crafts, nature walks, bowling, shopping, and more. **Campers must be able to indecently provide their own personal care and demonstrate life skills such as eating, bathing, dressing and toileting OR bring a caregiver to assist them with these needs. Campers ambulate from their dormitories to the dining hall and/or medication room up to a distance of 600 feet with a 12% grade in one direction. *NOTE: NO SPECIAL DIETS ARE AVAILABLE AT CAMP. This paper must not be completed until after April 1st, 2024. If a camper has been hospitalized within 30-days prior to camp arrival, they must provide a physician's release form.**

Camp Dogwood's counselor to camper ratio is 1 to 6. There is one on-site nurse per 88 campers. The nurse is available to assist with routine emergencies. Recurring dressing changes are not included.

Please note that CAMP DOGWOOD IS NOT A NURSING OR CARE FACILITY

Required List for Recommended/Additional Medical Information

If the patient is insulin dependent, there needs to be a sliding scale or dosage order, including medication list provided by the family physician and/or endocrinologist. Please include sliding scale and/or dosage order on the required medication list.

Go Home Policy will be enforced if medical staff deem any patient medically unstable. This includes but is not limited to:

- o Extreme spike in high and low blood glucose levels
- o Extreme blood pressure fluctuations
- o Fall Risks
- o Absence of medication being taken. Campers will have 24-hours to attain medication or they will be sent home.
- o Hospitalization within 1-month prior to the camper's arrival without medical clearance from camp's medical staff and primary physician
- o Patient must be self-sufficient, able to be deemed medically cleared to participate in camp and camp activities. Camp's medical staff is aware that campers have accidents or have an off-day, but repetitive health dangers may lead to a camper being considered medically unsuitable to continue their stay at Camp Dogwood.

VISUAL ELIGIBILITY REQUIREMENTS

A camper must be legally blind or have a "severe visual impairment" (a severe visual impairment is defined as 20/70 or more in the best eye, with correction), and possess life skills that demonstrate full independence. Full independence includes: eating, dressing, and personal hygiene. Additionally, a camper's primary disability must be vision related.

Which visual acuity is considered legally blind?

Visual acuity that is 20/200 or greater is considered legally blind. Legal blindness applies to individuals who are unable to attain 20/200 visual acuity, despite having corrective lenses.

Which visual acuity is considered visually impaired?

20/70 to 20/160 is considered to be a "moderate" visual impairment, or moderate low-vision.
20/200 or worse, is considered to be a "severe" visual impairment, or severe low-vision.
20/500 to 20/1000, this is considered to be a "profound" visual impairment or profound low-vision.

Having a valid NC driver license

- 20/40 without corrective lenses
- 20/50 with corrective lenses
- 20/100 with corrected lenses in both eyes
- 20/70 with corrected lenses in one eye
